Digital Citizenship

Digital Citizenship can be described as the norms of appropriate, responsible behavior (and its positive and negative impact on self and others) with regard to technology use

common sense education

Learn via the FCPS Digital Citizenship Homepage

Digital Resources at Rachel Carson Middle School

Fairfax County Public Schools uses a variety of resources to support student learning. In cases where FCPS contracts with a vendor to host student information, FCPS requires that the vendor adhere to the security and privacy requirements specified in a confidentiality agreement included in their contracts. FCPS does not have contracts with every instructional tool vendor. Many valuable instructional tools are governed by Terms of Service (TOS) and include both free and paid tools. Some of the digital resources your child may use this year require parental consent.

In order for students to access ALL of our approved tools, parental consent must be provided. Scan this QR code with your phone to complete the form online, or go to this website: www.fcps.edu/node/42022. You will be asked to log in with your ParentVUE username and password.
